

A world without sharing

by Kathryn Sheridan

A world without sharing would not be a
world for me!

How would I play if you would
not share your ball?

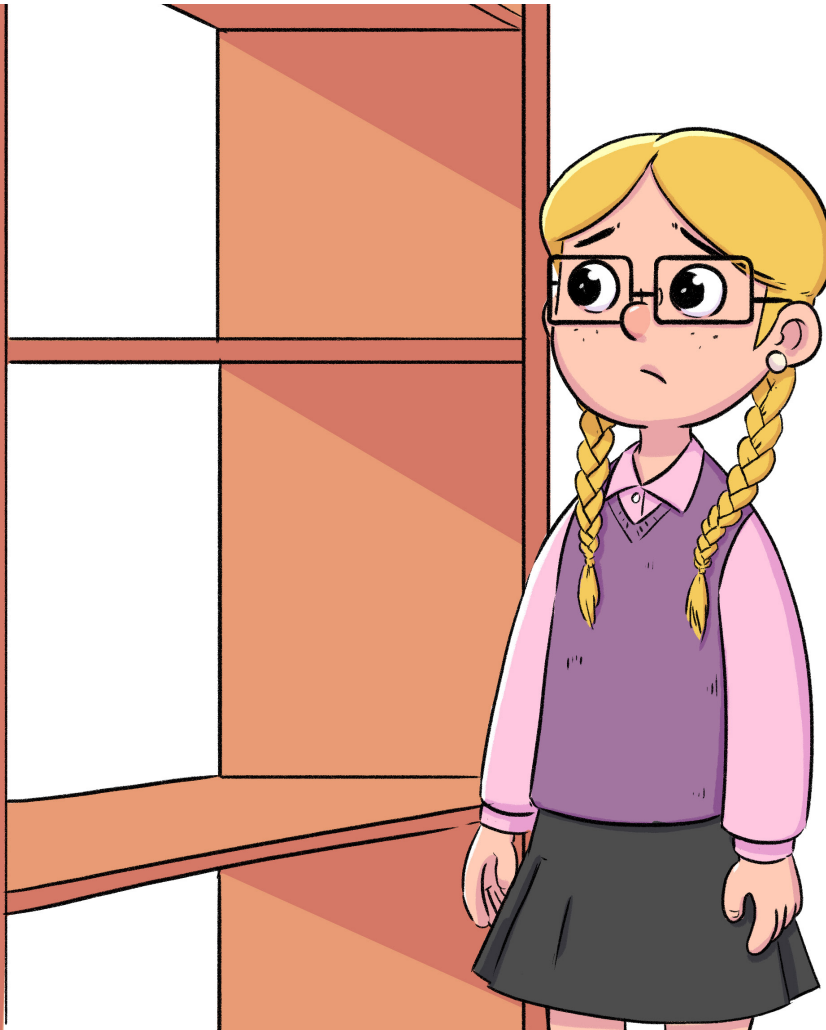

How would I eat if you would
not share your crops?

How would I grow if you did
not share your care?

How would I read if you would
not share your books?

How would I dance if you did
not share your songs?

How would I smile if you would
not share your laugh?

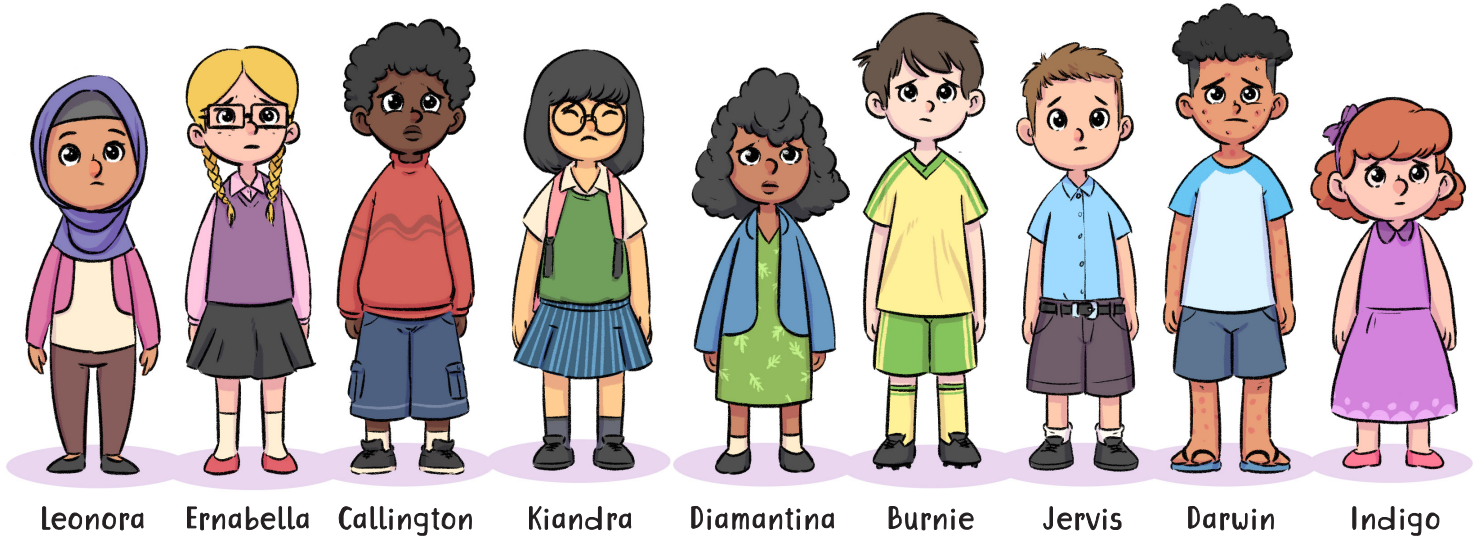

How would I cry if you did
not share your tears?

How would I love if you would not share your heart?

A world without sharing **CERTAINLY**
would not be a world for me!
