

# Week in the life of Callington

This is CaLLington.  
The thing about CaLLington is,  
he's always busy,  
except for Sundays.

CaLLington begins his days with  
a visit to the toilet,  
followed by a shower and  
breakfast.

Each week day Callington goes to school.

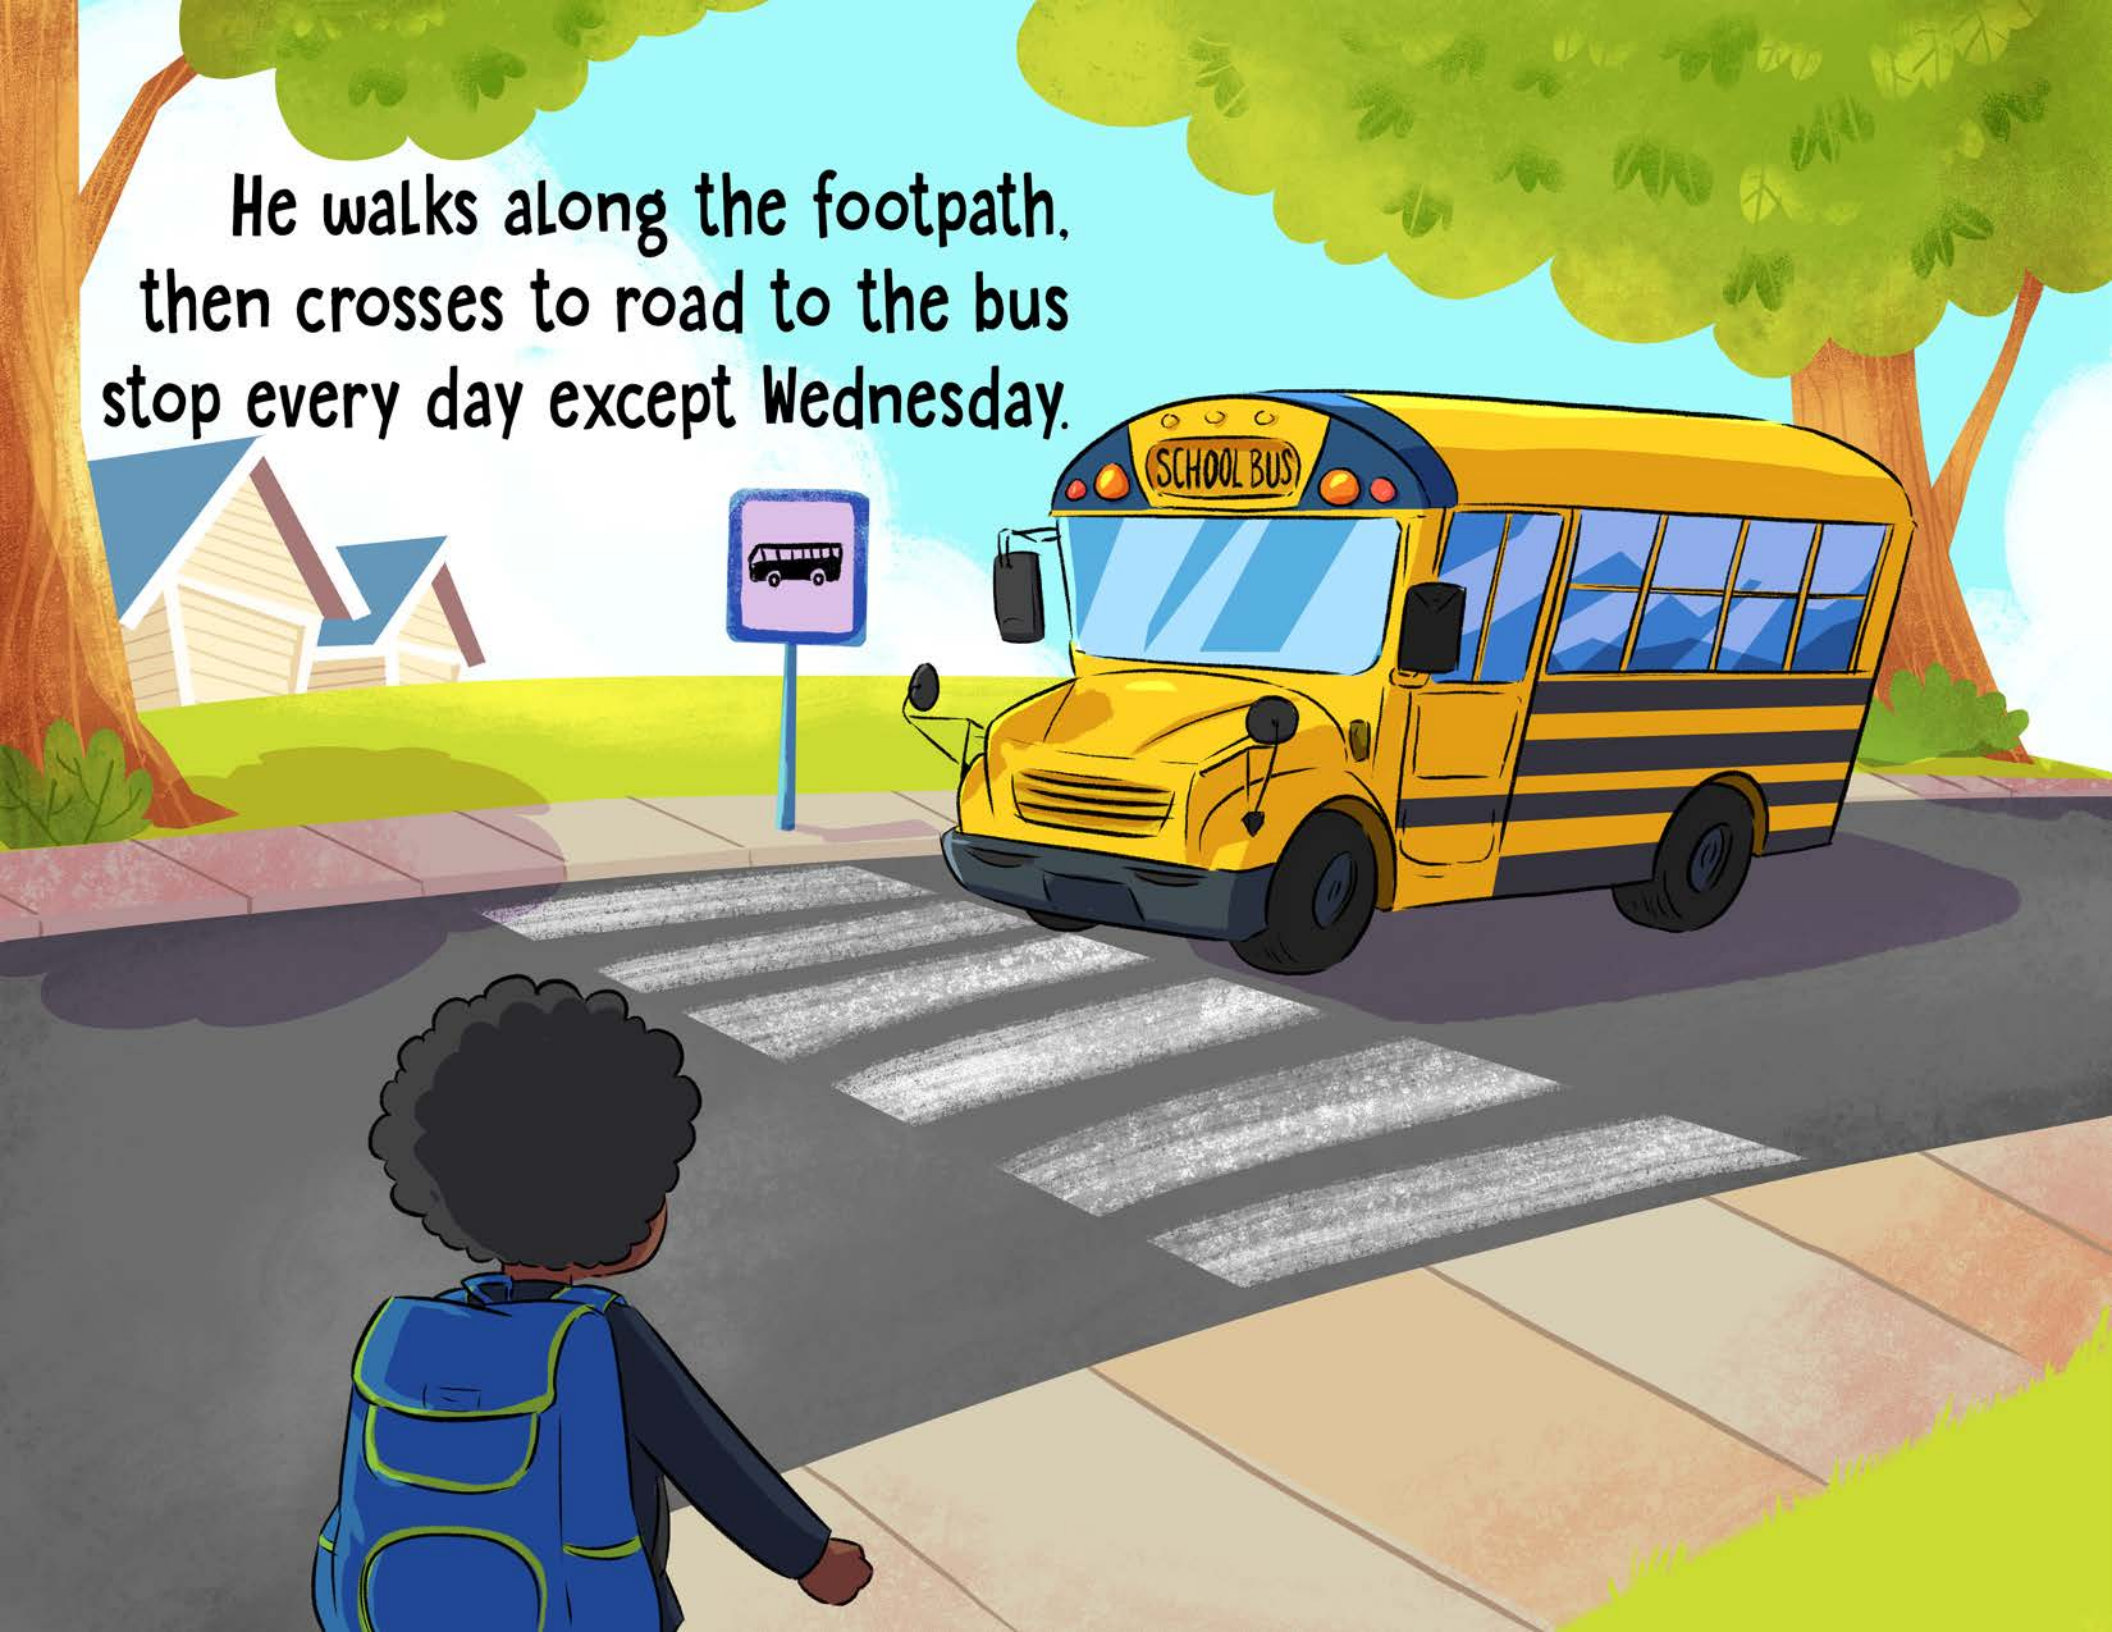

Before school,  
he does his chores which  
includes putting the rubbish  
and recycling in the bins.

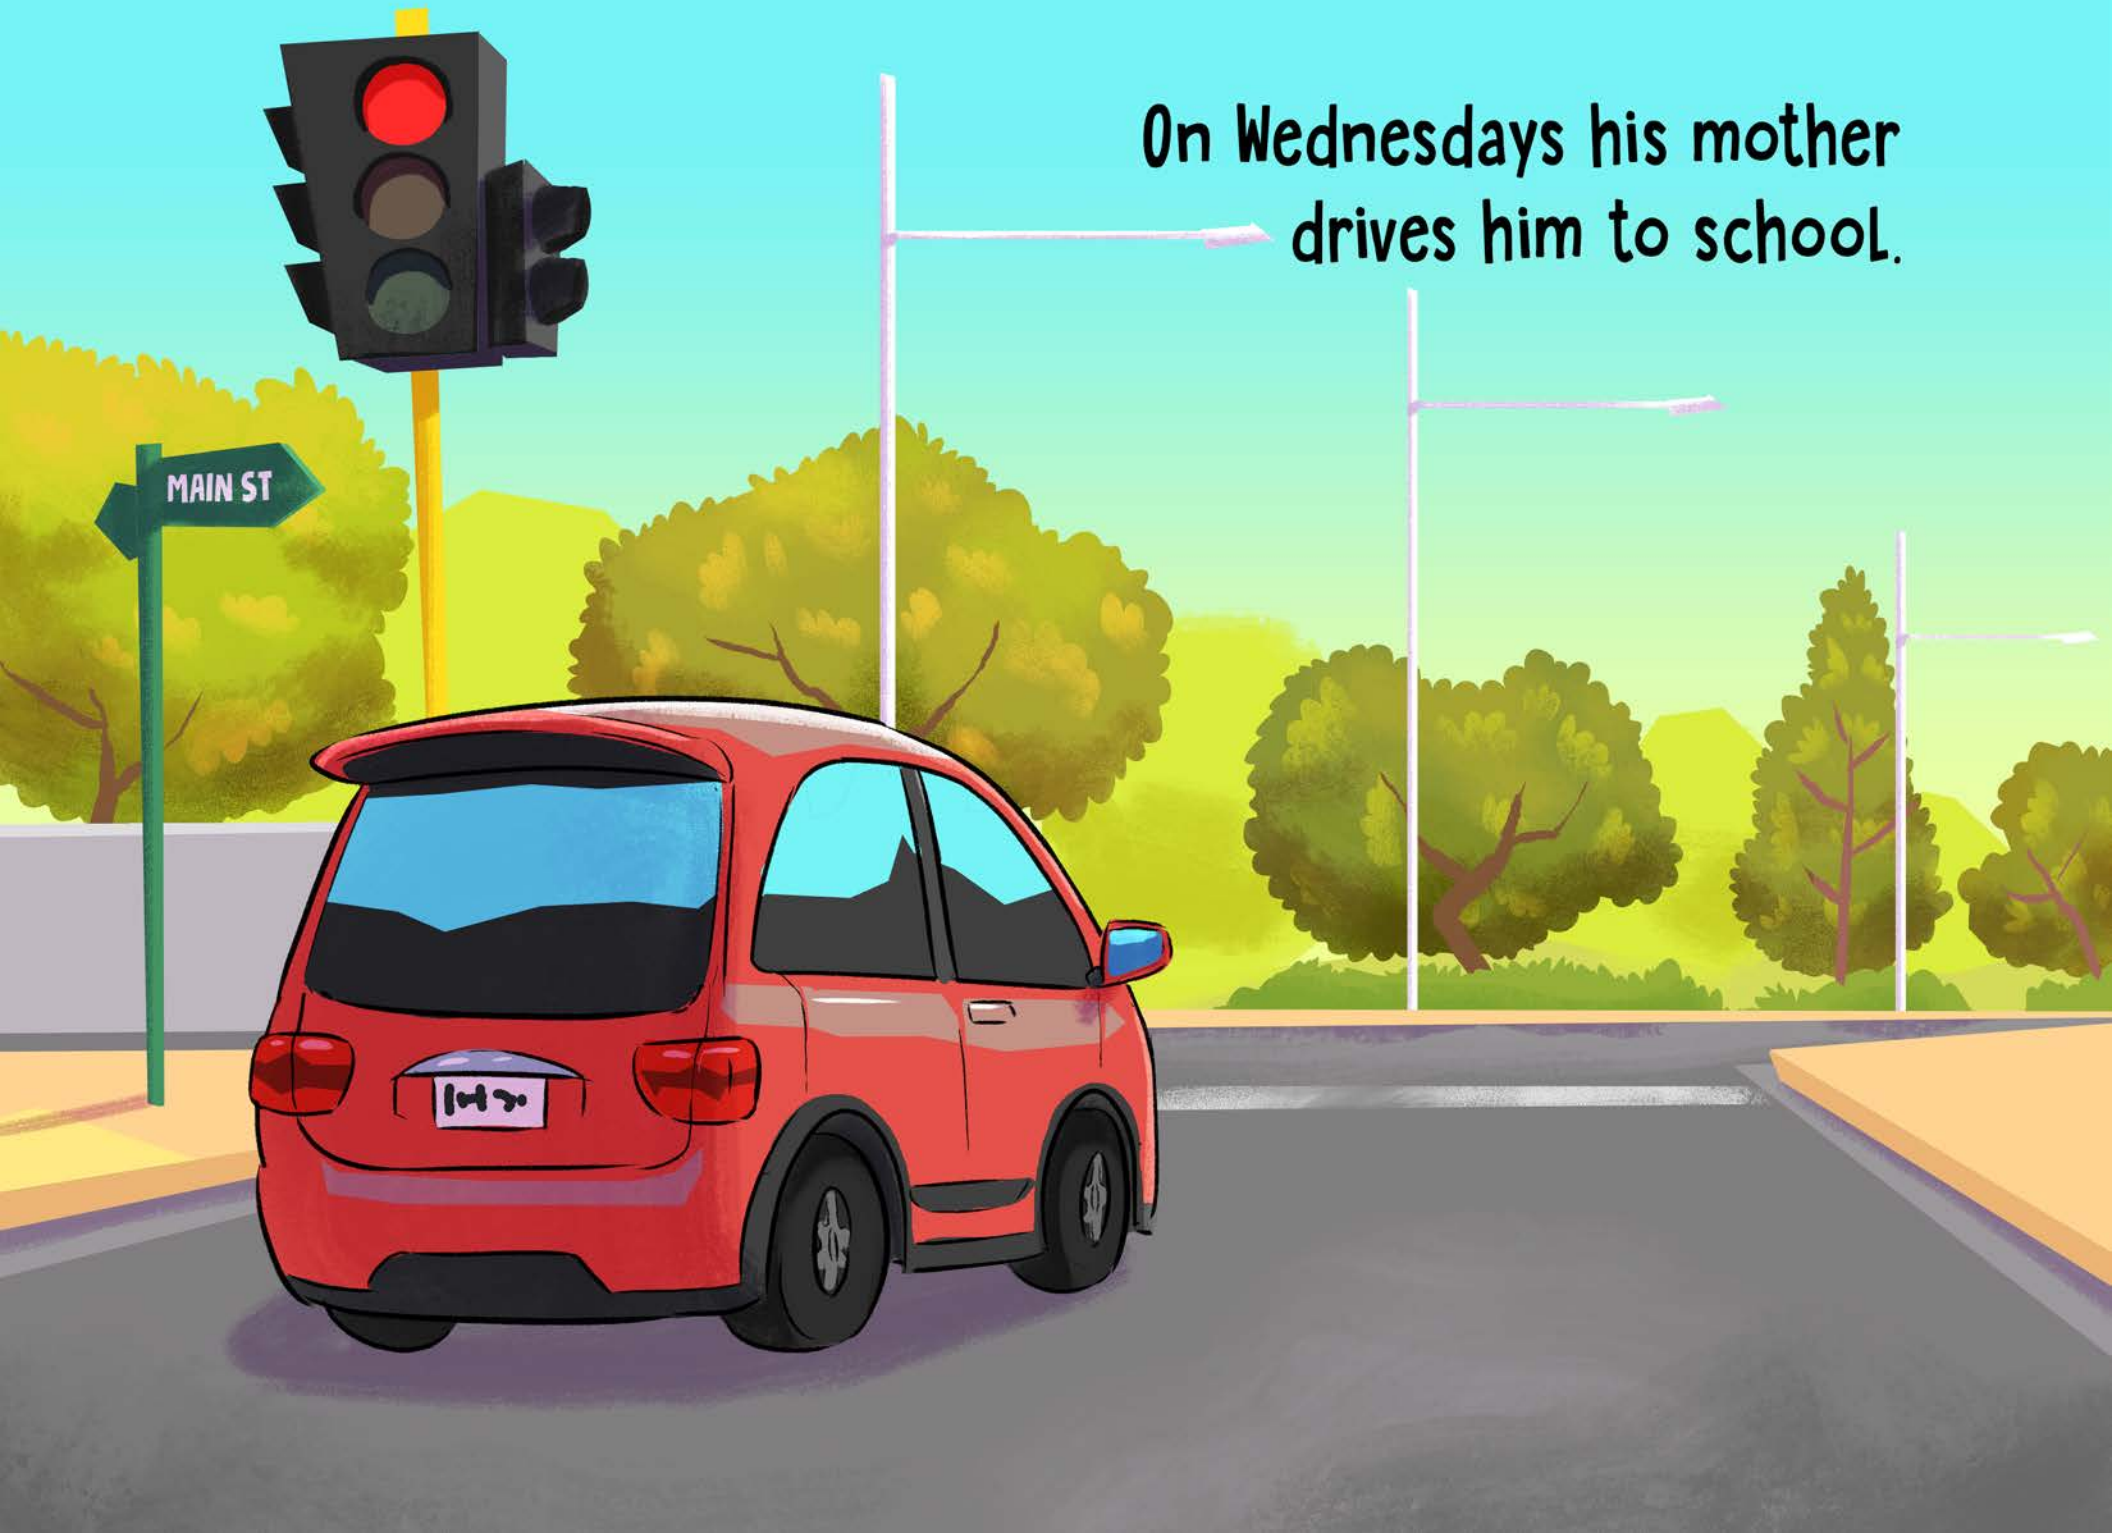

He walks along the footpath,  
then crosses to road to the bus  
stop every day except Wednesday.

On Wednesdays his mother  
drives him to school.

Y DAY CARE

On the way, they drop off his  
little brother to family day care.

Every day CaLLington has  
things to do after school,  
including his homework.

On Mondays he has swimming lessons at the local pool.

On Tuesdays he goes to Scouts  
at the Local Scout Hall.

On Wednesdays, he visits the  
Local Library with his aunty.

On Thursdays, he goes to soccer training at the local soccer club.

After training, CaLLington always has a big drink of water from the tap and often has to use the public toilets.

On Fridays, he rides his bike  
to his friend's house  
to play in the local playground.

His friend Jervis' father walks him home after dark.

**Neighbourhood  
Watch**

Saturday is the busiest day of aLL!

CaLLington helps with the housework.

Then his parents take him to play in  
the local soccer competition.

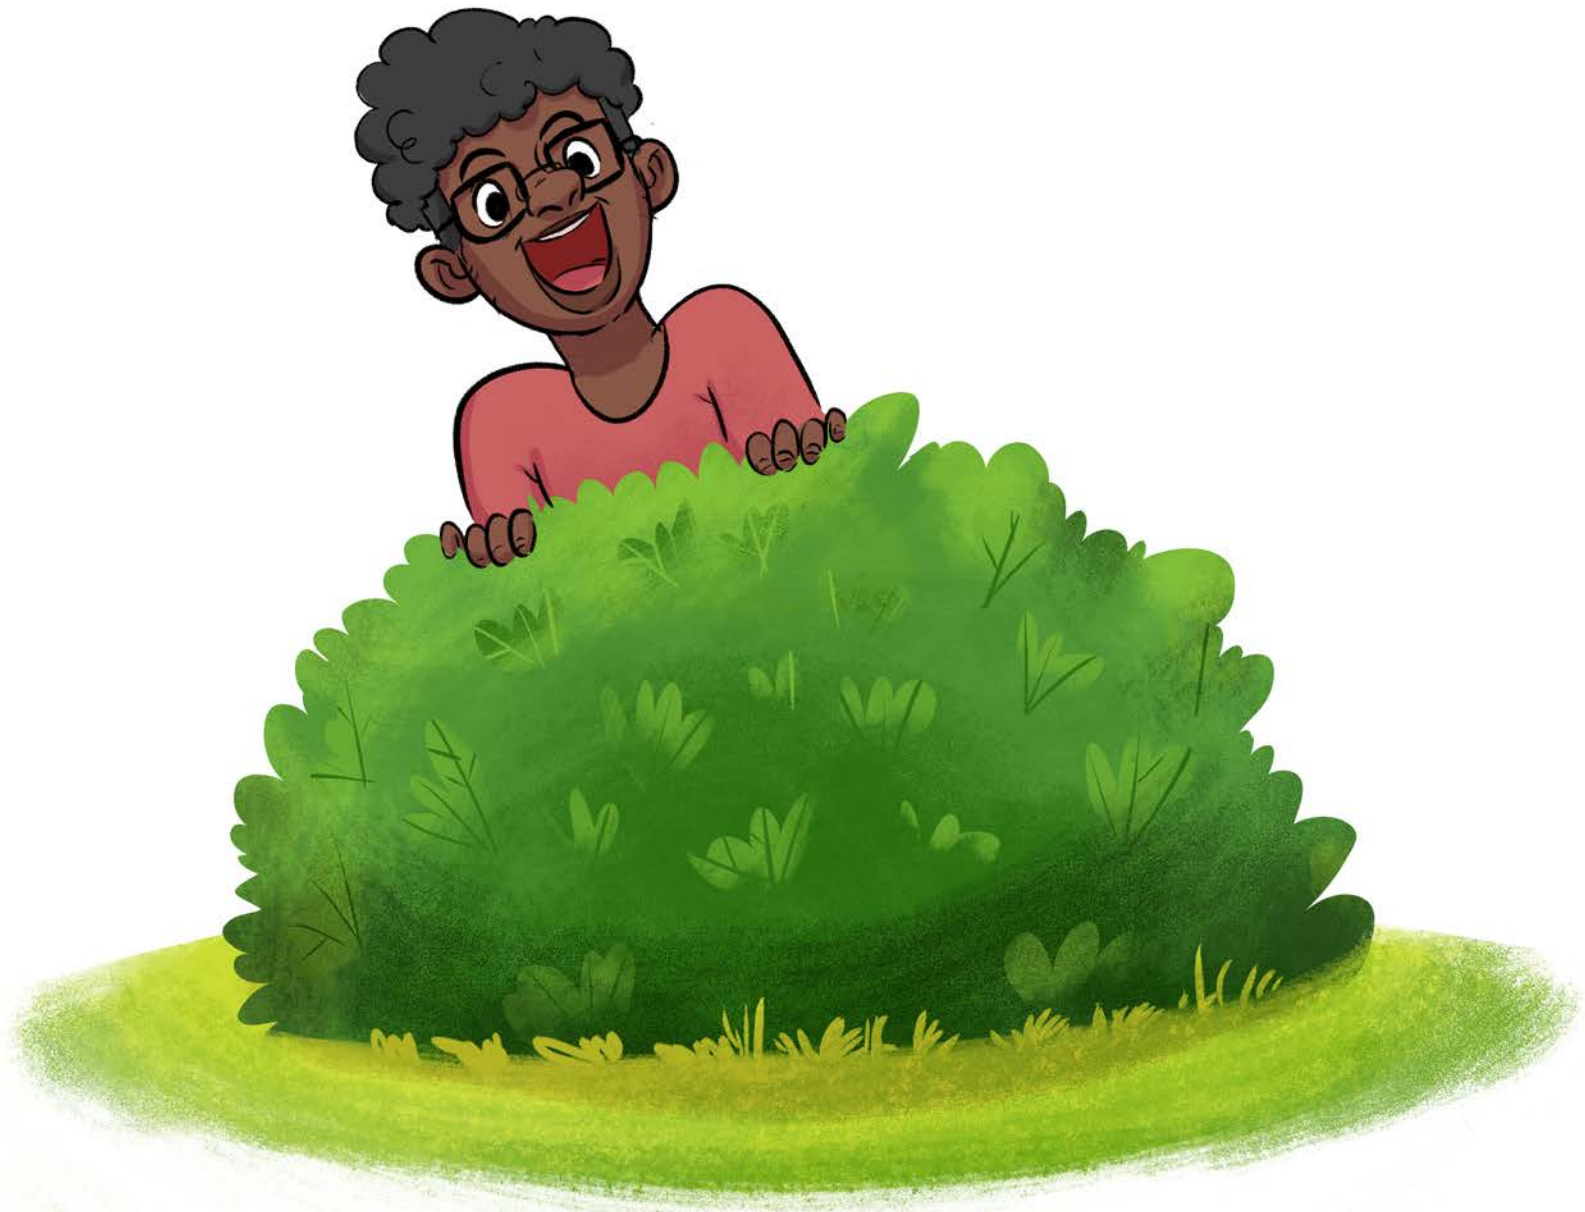

They always buy lunch at the canteen  
at the soccer grounds.

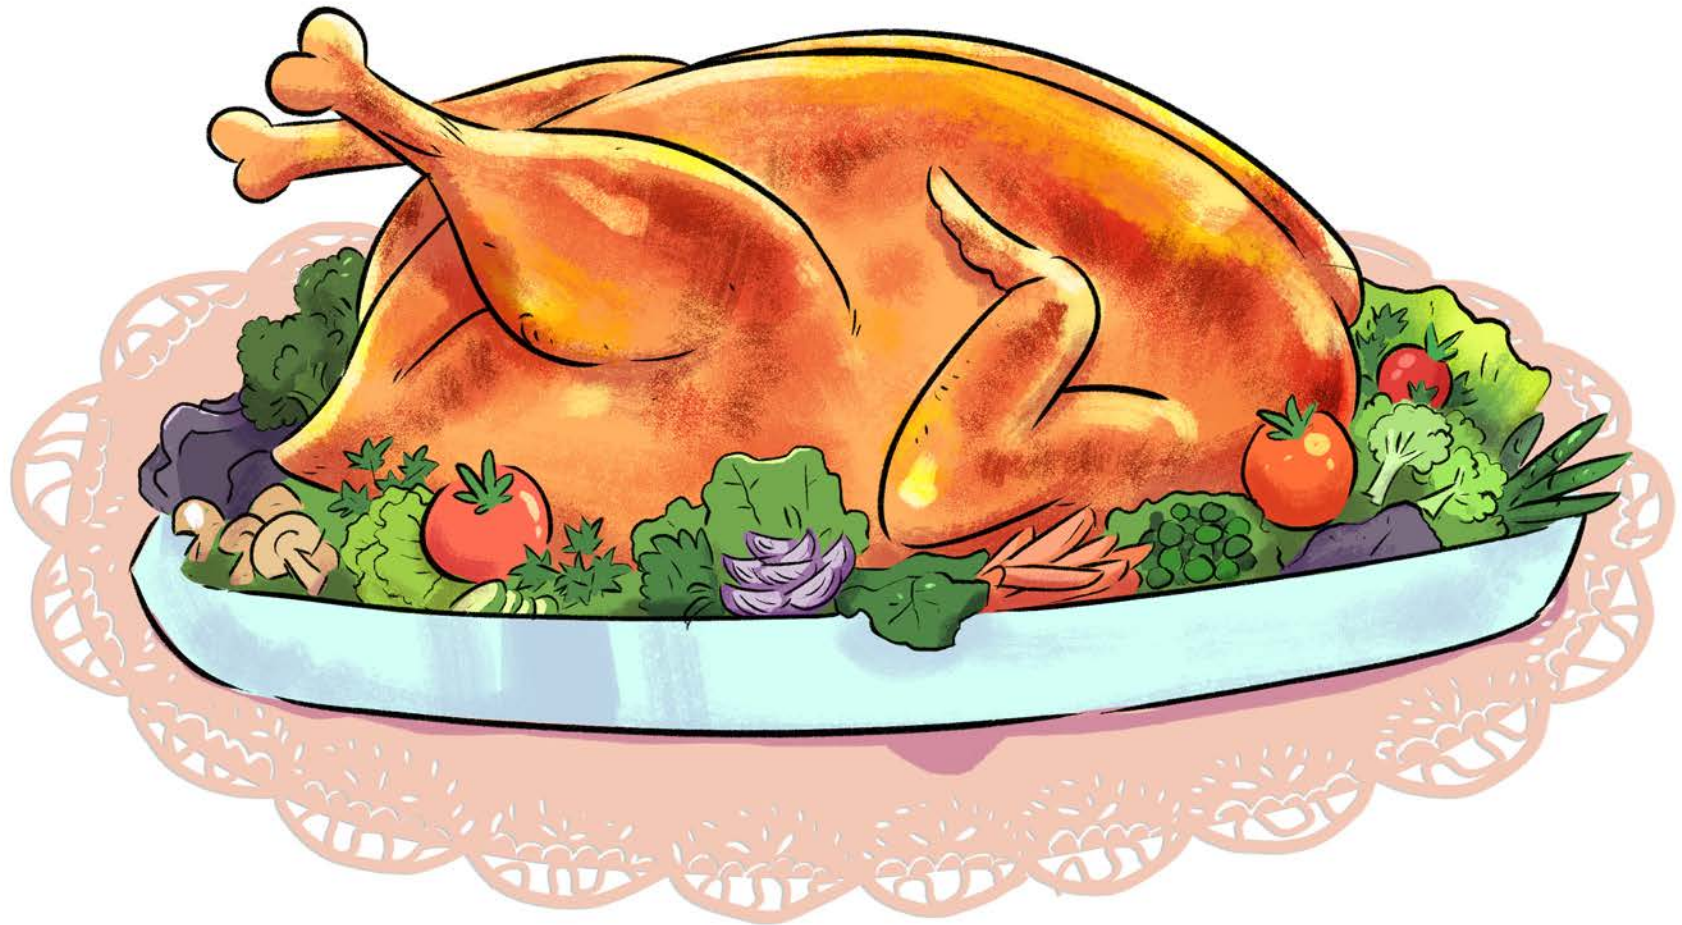

Grocery shopping is next, followed by bushwalking with his father.

In the evening,  
his grandmother comes for dinner

On other days,  
Callington's grandmother has her  
dinner delivered by Meals on Wheels.

Finally, a day of rest.  
Sunday is a Lazy day for CaLLington.

He has no chores, except for taking out  
the rubbish and recycling so it is ready  
for collection on Monday.

He Loves to take the dogs for a walk and  
takes them to the local dog park to play

He always makes sure his dogs are wearing their collars with their registration tags just in case they get lost.

The rest of the time he spends  
playing with friends,  
usually at the local park.

Some Sundays his family brings a packed lunch to share in the picnic area, or they use the BBQ to cook lunch.

Now you've met CaLLington, what Local government services do you think he and his family use?

**Australian Government**  
**Australian Taxation Office**
