An airport tax is a tax levied on passengers for passing through an airport. The tax is generally imposed for use of the airport and is one of a number of taxes that are typically used and included in the price of an air line ticket. Revenue from airport taxes fund is used for facility maintenance.

12.

First thing to learn, Airport Tax.

14.

Oh, so some of the money that we pay goes to the airport facilities like toilets or even this comfy chair I'm sitting on.

Oh, OK

Dad look at that teddy bear, can I please have it?

17.

18.

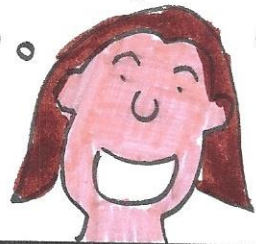

19.

Did you notice, when we bought the teddy bear, we paid a tax as called GST, also known as goods and service tax. When you purchase a good, 10 percent payment goes to the government and they pay for infrastructure schools and many more things which benefit our community.

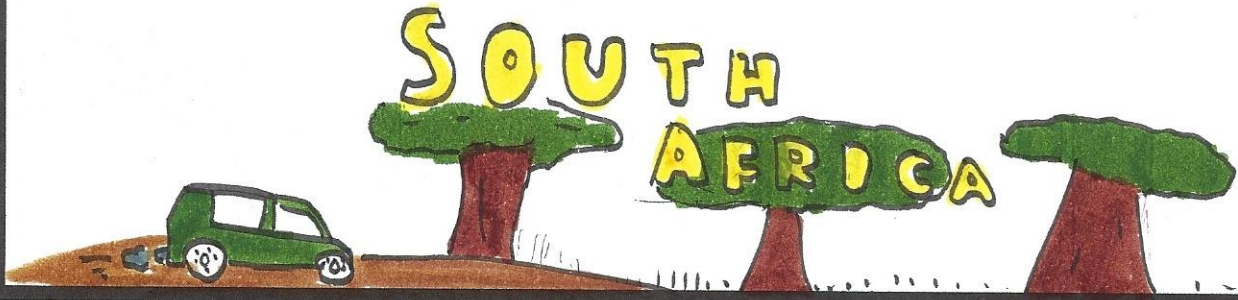

20.

Wow I never knew the tax benefits to our community that much

24. Fuel tax is paid at the pump of fuel, mostly fossil fuels like petrol and diesel. Some percent of this tax goes to the Road Accident Fund which is an insurance that covers all drivers of motor vehicles in case of accidents.

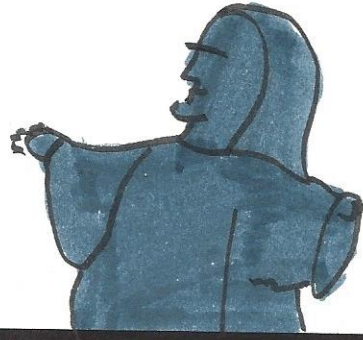

This is very helpful! The money that we pay for tax can help us in the future!

27.

Oh that is interesting

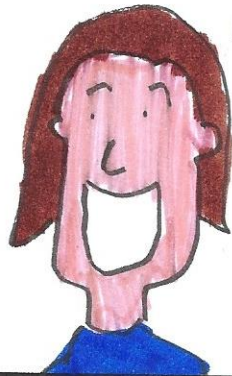

Did you know that there are taxes to help communities but also to prevent people from drinking too much alcohol.

28. Alcohol tax is aimed to stop people drinking too much it also benefits the welfare of the community.

29.

Oooo oooo ooh!

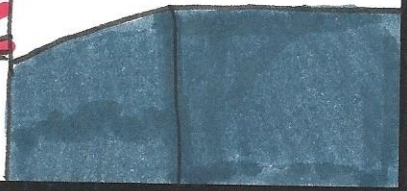

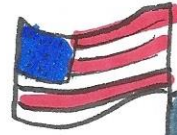

30.

Wow, tax is amazing!

Mmm, this hamburger is yummy.

34.

Did you know there is a tax like alcohol tax on fast food!

35.

Let me guess the government doesn't want people to be fat and unhealthy so they made a tax on junk food!

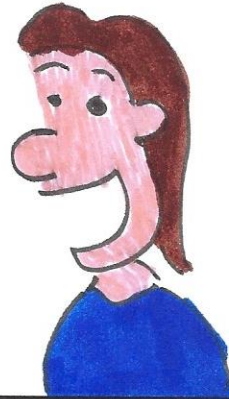

That's right!

36.

37. That was a very fun trip. Not only did I get to world travel but I also got to learn about tax!

38.

My community wouldn't have schools, roads and hos pitals if there wasn't any tax. Tax is a champion!
